

**REMARKS**

Claims 1-13 are all the claims presently pending in the application. Applicant gratefully acknowledges the Examiner's indication that this application is in condition for allowance except for formal matters.

However, in a teleconference on August 1, 2005, the Examiner agreed with the undersigned that no errors were present in claim 4, line 1, or on page 9, line 1, of the specification. Thus, the specification and claim 4 have not been amended and all of the claims are in condition for allowance.

It is noted that the claim amendments herein are made only for more particularly pointing out the invention, and not for distinguishing the invention over the prior art, narrowing the claims, or for any statutory requirements of patentability.

Further, it is noted that, notwithstanding any claim amendments made herein, Applicant's intent is to encompass equivalents of all claim elements, even if amended herein or later during prosecution.

**FORMAL MATTERS AND CONCLUSION**

In view of the foregoing, Applicant submits that claims 1-13, all the claims presently pending in the application, are patentably distinct over the prior art of record and are in condition for allowance. Should the Examiner find the application to be other than in

condition for allowance, the Examiner is requested to contact the undersigned at the local telephone number listed below to discuss any other changes deemed necessary in a telephonic or personal interview.

The Commissioner is hereby authorized to charge any deficiencies in fees or to credit any overpayment of fees to Attorney's Deposit Account No. 50-0481.

Respectfully submitted,
